I understand that when my child is transported under any of these circumstances, and they will be required to wear their seatbelts, they will be required to follow any rules the driver establishes to ensure their safety (i.e. noise levels, etc). I also understand that drivers will always have a cell phone in case of emergencies and will only use their phones safely and according to state traffic laws. I understand that St. Mary's will have an authorization process for all drivers, that drivers will be of at least twenty years of age, and hold a safe driving record. Drivers' Authorization Forms will be on file with the church secretary and the youth director. On out of town trips (over 20 miles from church property) the church secretary will hold an Official Trip Form that includes information regarding each vehicle, its passengers, and necessary contact information.
